Dear Ms. Hogan,

Re: Follow-up on Request for Audit of Canadian Human Rights Commission, Fire Safety Crisis in Independent First Nations Alliance

On Friday, March 27, 2026, I wrote to your office on behalf of the Chiefs of the Independent First Nations Alliance (“IFNA”), enclosing a formal application for the initiation of an audit into the Canadian Human Rights Commission.

As we have not yet received confirmation of receipt, I am following up to confirm both (1) that you have received this application, and (2) that it contains everything you need in order to consider an application of this nature.

As I am being asked by my clients about the status of this application, I am grateful for your speedy response.

Thank you.

Yours very truly,

Julian N. Falconer
