Dear Julian F. Falconer,

We are writing to you in response to your request for a status update on the complaint on behalf of Independent First Nations Alliance against His Majesty the King as represented by the Minister of Indigenous Services Canada, inquiry #I2503264.

This complaint is not yet assigned to an Intake Analyst. Once this complaint has been initially assessed, we will be in touch about the next step of the complaints process. For more information about the steps in our process please visit: [Discrimination complaint process | Canadian Human Rights Commission](#).

Please note that due to a high volume of complaints and limited resources, the Commission cannot guarantee processing times. We continue to triage and prioritize cases where the alleged discrimination is ongoing or severe. All cases are dealt with as efficiently as possible. The details of this complaint may result in faster or slower processing times.

We kindly request that you do not send multiple requests for status updates. Since we have limited staff to respond to each status update request, frequent requests for status updates cause more delays in our process.

If someone requires an accommodation to participate in the complaint process, please email us at complaint.plainte@chrc-ccdp.gc.ca. In the subject line of your email, please include "Accommodation Request" and your file number. If you are unable to email us, please call us toll-free at 1-888-214-1090 or TTY at 1-888-643-3304.

It is important to note that the Commission does not provide emergency services. If anyone requires immediate assistance, please seek help through one of the following resources:

- Dial 911 or the local police
- Dial 988 Suicide Crisis Helpline

For community services, please dial 211, or visit 211.ca

211 is Canada's primary source of information for government and community-based, non-clinical health and social services. The free and confidential service can be accessed 24 hours a day, in more than 150 languages, by phone, chat, text, and web. 211 helps connect people to the right information and services, making their pathway to care and resources a guided and trusted one.
